CURRENT VACANCY FOR
ELECTRICAL PROJECT ENGINEER

Ref: 21st June 2022

At Zenviron we are committed to the development of our people. We believe in growing our people by offering them challenging roles that stretch their capabilities and help to facilitate their career progression. We seek genuine, practical and solution focussed individuals who take great pride in delivering on their promises and we believe in actively helping our new talent to understand the Zenviron culture, which underpins everything we do.

We have a current opportunity based in Newcastle for a permanent full-time Electrical (Project) Engineer in a Design Lead role contributing to the delivery of large-scale wind farm projects across Australia.

Our roles offer you:

- Variety of work on a range of large-scale renewable energy projects
- On the job training through real experience
- The prospect to work with some of the most experienced and highly skilled professionals in the industry
- Mentoring and coaching to support you along your journey
- Opportunities for Site exposure to gain valuable construction experience

In the role you can expect to be involved in a range of project and engineering delivery activities that include:

- Leading the project design process and related engineering delivery requirements
- Maintaining all related records as applied to each project
- Control and co-ordination of project design integration activities
- Conducting project design and risk reviews
- Reporting of design progress to relevant Stakeholders
- Provision of engineering assistance to the project

To be considered you must meet the following criteria:

- Degree (Bachelor) qualified Electrical Engineer (with strong preference for those meeting CPEng eligibility with Engineers Australia)
- Possess Australian citizenship or Australian Permanent Residency at the time of applying
- With emphasis on:
    - Strong ability to read and interpret engineering drawings and specifications
    - Strong ability to work independently
    - Strong ability to manage time to achieve tight deadlines
    - Good communication (written and verbal) and negotiation skills

Applications may be submitted to info@zenviron.com.

Please also ensure that your resume and any supporting documents are submitted as a single file at the time of your application.
